# Philosophy

*At Ste. Marie Child Care Center we provide a variety of programs to meet the needs of all of God's children. All programs include numerous activities prepared by a well-educated professional staff that promotes a positive environment based on good Catholic values. Programs include a Preschool and Kindergarten program, before and after school program, a summer camp program and a full-time day care program for children between the ages of three and twelve.*

*In all our programs, we strive to provide positive religious experiences that help children form Christian attitudes about themselves and others. Through daily prayer, scripture readings and prayer services, we introduce the children to the fundamentals of our Catholic faith and the teachings of our Lord Jesus Christ.*

*Ste. Marie's has an open door policy which means that if your child is attending our day care you can come in at any time. We are always willing to meet with parents to discuss new ideas or questions you may have about our program.*
